THE CRAZIEST BATTLE IN HISTORY

Suppose you discovered a war which had been going on 50 years, with the following conditions:

1. One side, which we will call the "White" side, had 150 million soldiers, while the Red side had only 30 million;

2. In spite of this, the Red side had won all the battles, and the White side lost them all;

3. The White side was only moments away from total collapse, while the Reds near total victory;

4. From the very beginning, the Red side laid out certain, prescribed methods of attack which it allows the White side to use, and the White side has always used these prescribed methods, even though in the whole 50 years of the war, these methods lead only to defeat and discouragement for the White side, as the Red side knows in advance, which is why the Red side permits such attacks. In fact, some of the Red leaders come over to the White side, and lead attacks in these "approved" directions;

5. Not only does the White side persist in using ONLY the methods of "warfare" permitted and even encouraged by the Reds, but any White warriors who suggest maybe the Whites ought to try some methods of attack NOT approved of by the Reds are attacked by their own side, the White side, as "enemy agents' trying to get them all killed;

6. During the 50 years of the war, there have been three attacks made on the Reds by Whites which almost destroyed the Red army and power, and in each case, the Reds were able to go and recruit almost all the White soldiers to help them beat back, murder and destroy the Whites who tried these successful methods;

7. As a result of the three bad scares the Reds got from these near-successful attacks upon them, they have set up warnings all over the White areas, literally terrifying the Whites of ever trying such attacks again, and warning that any attacks of THIS particular kind will be dealt with by instant terror.

8. The White side, even at the last moments of the war they have almost lost, meekly cooperate with the Reds in enforcing this universal prohibition and terror against any more successful attacks on the Reds.

Surely, by now, any reader has gotten the picture, and knows who the "Reds" and "Whites" are.

But have you ever stopped to consider the utter insanity of what we are doing, as the terms of the illustration above show?

Let's take the "Red vs. White" war parallels above and prove that.

There are 150 million White Gentiles in this America, and only 30 million (at the most) combined Jews and Negroes, of which only about 10,000 top Jews are really running the war against us.

Yet these 150 million are terrified of and being whipped by the tiny "minority". And not once, in 50 years, have the Whites in America won any real victories! Always and forever, they get pushed back and back and back by Jew masters of the enemy army!

The Jews and their allies are now openly exulting over their total victory, while every member of the non-Jewish force (usually called "rightist", "patriot", etc.) knows we are at the very end --that total defeat stares us in the face.

In spite of this, the Jews have decreed that the only "opposition" to them (which is called "responsible"), (1) shall be called "conservatism"; (2) shall never even mention the Jews except with the most disgusting praise; (3) shall confine itself to economics, religion and empty cliches; (4) shall preach more and more "individual freedom", even while the "individual freedom" of millions of wild mobs in the streets are literally killing the

rest of us; and (5) shall never mention or explain race and the fact that human groups, like all animal groups, vary in quality, with some being born inferior and even worthless, and some being born of supreme quality and ability.

For 50 long, miserable, heartbreaking years, our side in the U.S.A. has been dutifully making these approved and permitted "attacks" on the enemy, with the enemy-planned result that we have suffered not hundreds but thousands of humiliating, crushing and discouraging defeats, while they have enjoyed one massive victory after the other. Not only have we persisted in crawling, again and again up the same old alleys of defeat laid out by the enemy Jews, but recently, we have accepted almost entirely enemy leadership in our insane and stupid continued crawling down the same old alleys of defeat and death. Goldwater, Marvin Liebman and the rest of the "right-wing Jews" are gratefully accepted by the foolish non-Jewish side, even though the entire enemy army is led, financed, sparked and coached almost 100% by these same Jews!

Even more incredible, the thousands of right-wing damned fools, marching like lemmings to their own deaths at the heels of their Jewish "friends", attack any of their OWN side who suggest we at last try some non-Jewish-approved methods of attack, such as fighting on the basis of race, or mentioning WHO the enemy is, for instance!

Think of that! Imagine a war going on, where any soldier who mentioned the mere name of the enemy was courtmartialed and shot by his own side! That's precisely what we're now doing, even as we are on the catastrophic brink of utter defeat and annihilation!

Try not to get re-submerged in the perspective-ruining realities of the battle, for a moment, and go back to the example of the war, so you can see the principles involved, and consider this:

Three times since the war began, the enemy has been attacked by the non-Jews and damned near whipped!

Spain, Italy and Germany tore the Yiddish claws from their throats and had the Hebrews down. The only way the Jews survived these deadly attacks and victories by our side, was to go and get the entire non-Jewish army--the whole rest of the world--fill us with lies and hatred of our White brothers in Italy, Spain and Germany, and get us to their killing for them! And we did it!

MORE! In spite of the fact that only in Spain, Germany and Italy did our side ever win victory over the vicious enemy--in spite of this example of how to do it, almost the entire 150 million of us here in the U.S.A. is busy doing the enemy's work of seeing that no such deadly attack on them as happened in Spain, Germany and Italy is ever again made!

A miserable, tiny Jewish minority has our side so frightened and busy running that anybody who even suggests the possibility of following the successful examples of Spain, Italy and Germany is attacked by our own side far more viciously than by the enemy himself. THINK OF THAT!

I pick up the "Cross and the Flag" of Gerald Smith. It is a good magazine--full of many truths and much that helps me fight. But I also see Mr. Smith telling patriots that Lyndon Johnson is a "National Socialist", although the very essence of National Socialism is love of and protection for the White Race, and enmity toward the lower races and the Jews who are using them--while Lyndon Johnson is doing everything humanly possible to advance the cause of the Jews and the black swine in the streets!

The Brich Society spent more than two-thirds of its last bulletin howling to heaven how it just loves Jews, that Jews are the greatest patriots who ever lived, etc., etc.,--and that colored folks are probably better than we are! The Jews make no bones about their determination to destroy the John Birch Society, and yet this crazy outfit is literally crawling around the dirty feet of the enemy, and helping the enemy plant those ugly feet on our necks! The Birch Society is spending White money to send blacks to college free on scholarships, and paying Jews like Fred Blumenthal to go around America telling us how to fight for America! And meanwhile, Welch publishes a book by a New York liberal Jew (Stang) called "It's Very Simple" telling millions of patriots that whenever you hear anybody telling the truth (that Communism and race-mixing are Jewish), you will know you are in the presence of a Communist! Stang almost openly calls Ed Fields and me and others like "Communist agents-provocateur".

Once again, to maintain all-important perspective on what we're doing--on what you're doing--let's go back to our simple parable of the war, the 50-year's war that we've almost lost for good.

We know there is a way to beat the daylights out of these Jews. It's been done in Spain, Italy and Germany.

Yet the only organization in America and the only people with the guts to mention this and suggest that maybe we should try the successful way, are attacked by every engine, not only of the enemy--

but by our own side--and literally boycotted and starved to death!

In spite of all this unbelievable madness, I am still fully confident that these days of suicidal insanity will pass, and our people will soon rise up and demand not "right-wing" or "conservative" leadership, which has led us to catastrophe, but will demand NATIONAL SOCIALIST leadership--leadership unafraid to attack the enemy, not on his lines--but where WE want to attack, on the lines of race, anti-"Semitism"--and authority! -- MASS APPEAL!

In Italy, Spain and Germany, the "conservatives" led the people to the very same brink of catastrophe with their cowardice, their puling love of the Jews, their weakness and their refusal to stand up like men and FIGHT!

But when the situation got bad enough, there were two forces which came to their senses in time, and I am confident those same forces are operating here, now, to do the same thing!

Those forces were, first the people! The German people listened to all the lies from both Jews and German "conservatives" about Hitler for only so long, and then they swarmed to Hitler's flying banners, when they realized they needed, not milk-toast weakling "conservatives", but old-fashioned leaders--which always means men of authority--men like Douglas MacArthur--no Democrat and no weakling.

HELP!
send money!

The second force to wake up at the last moment was the German wealthy class. For years they not only backed the "conservatives", but attacked Hitler as a "hoodlum", a "fake", etc., etc. just as the same people are doing here now in the U.S.A.

But when these people realized that the hairy claws of Jewry were closing at last on their pocketbooks (as they are now about to close on the wallets of the American wealthy), they hollered--not for some "conservative" blabber-mouths--but for Hitler and his fighters to beat back the brutal enemy. And Hitler did it!

So will we. We have only to survive all these nightmare months and years of starving and cursing and misunderstanding by our own side, until our own side, particularly the masses of the people and the wealthy, are fed up with the cowardice, stupidity and endless retreat of the "conservatives".

It is bitter, bitter and brutal, down here in the "dark"--blacked out by every engine of American information and viciously attacked by almost all my own side--desperately fighting to survive and even to eat, from moment to moment, but we shall nevertheless preserve and train the cadres of the fighting forces of the White Man--the forces which won in Spain, Italy and Germany. When the times comes, we'll be ready!

I have a faith which I cannot but believe is divinely inspired that sooner or later, somebody with the wealth and the strength to preserve and cherish the only fighting forces we have, will make an end of these terrible days of unbelievable suffering.

In Germany, it was the Ruhr industrialists who finally realized what had to be done, and suddenly showered Hitler with real money.

In America, I think the "Ruhr" is in Texas, and I believe with all my heart and soul that we are getting closer and closer to the day when the Texas millionaires who are pouring out their money for "conservative" despair and defeat will one day give us the weapons to attack, instead of fighting to survive.

I can promise both sides one thing.

When, some day, instead of dumping a million dollars into a "conservative" literature and wind society, some wealthy man puts a million dollars at our disposal--there will be such an explosion of action against the enemy as will startle the world and bring our people flocking to the banners of a fight, at last!

I am not going to promise "more individual liberty" or a "better world for Jews and niggers".

But I am going to pledge to make this a heaven for the White Christian people who built and own this country, and a living hell for anybody who tries to take it away from them or turn it into a pig pen of filth and immorality, which means, as a matter of cold fact--JEWS.

Anything For A Buck

When I was on Joe Pyne's TV show in LA last year, a fellow guest was a Jew named Roth, who produces monster dolls and other psychologically interesting things for kids.

I have always believed that, for the right price, we could get the Jews to build gas-chambers. Here's the proof.

"BIG DADDY" ROTH
With a sign that says "Born Dead."

"Big Daddy" Roth, the Jew, is now making a fortune selling Iron Crosses, Nazi helmets, etc.

As soon as this boom began, I tried to get some businessmen I know to invest a little in the crosses, helmets, etc. -but got nowhere.

Maybe, as Hitler says, the Jews will turn out to be "superior" to us in their own dirty, commercial way, and our people will finally go down to defeat, so that the Jews will have nobody upon whom to prey as parasites. Then the Jews, too, will perish when no more producers exist, and, in the words of Hitler, "this world will once again spin through the ether, empty of human life."

It ought to do SOMETHING to our people, to contemplate this fat, grinning Jew sitting on a motorcylce with his German helmet, crosses, etc. and just ROLLING in money selling OUR stuff.

Thank God we've finally gotten our "Max A-mann" in Dallas! Give him one year, and the Jews will have to scurry to make five cents in OUR business.

The Inevitability of the Crisis

I have never for a moment denied that we can never "win" as "Nazis" in present conditions. We are far too radical and truthful for the tastes of people with two cars, servants, portable TVs, automatic lawnmowers, home barbeques, etc., etc. Only when most of these people have lost their luxury and their easy-living will they be willing to have anything to do with such tough guys as "Nazis". But when these people in their millions have nothing, and are at the mercy of nigger and Communist mobs, nothing else but "Nazis" will be radical enough for them. Most of our followers have agreed with this and understand this.

But the enemy has had so much success in eternally prolonging the phony prosperity and keeping the average American happily playing like a kid with all his expensive "toys" and hobbies, etc., that some of our people have begun to wonder whether perhaps the Jews will never permit the crisis to "peak" so that we can at last have a chance to win the masses. They believe that possibly the Jews will be able to maintain the phony prosperity and child-like games for our people until the very last instant, when it will be too late.

This piece is an analysis of that possibility.

The Jews cannot succeed with their plans amidst order and justice. To hoodwink the masses into accepting Jewish mastery in the guise of liberal, "democratic" and Communist "freedom", the Jews must promote anarchy, degeneracy and catastrophe, as they did in Russia, Spain, Italy, Germany, and everywhere else they have tried their damnable, bestial revolution.

Their timetable calls for Jewish seizure of power after years of social, moral and economic upheaval, when the Jewish "democrats", liberals and finally Communists appear to the people as "saviors" with their wonderful Communism, etc.

The "fly-in-the-ointment" for the Jews, at least three times, has been that the same chaos and upheaval also produces the precise conditions

for the rise of ANTI-Jewish forces which utterly destroy Communism and the rest of the Jewish degeneracy in Western civilization. That's what happened in Spain, Italy and Germany.

That's what WILL happen here, too, when conditions are ripe.

The only thing which could stop it would be in the Jews were able to keep the American people playing their games on the musical merry-go-round of "prosperity" and "peace" forever--which is impossible.

It's impossible, first, because without eventual chaos and catastrophe, they can never put over their outright seizure of power. The Jews have almost total control already, but that's never enough for these literally insane people, crazed with the paranoia of being the "chosen ones" who are also always wrongfully "persecuted" (the classic symptom of paranoia). The Jews, by their very natures, like the tape worm who eats his victim out until he dies, thus killing the tape worm too, cannot stop their mad drive toward total seizure of us and everything we own, according to their mad "prophesies". So we may be sure that they will not do the most deadly thing they could do in America, and that would be to STOP where they are, and be satisfied with what they have already seized.

No, that they CANNOT do.

Each new, young Jew who comes along slavers for your property and your freedom, just as greedily as those before him for thousands of years, and he will not, cannot change. Right now, more than eight out of every ten young Jews is going to college and into the professions (as reported in the Jewish press) just as they did in Germany, until the professions will soon be so overwhelmingly Jewish that the people will begin to strangle and choke and rebel. Only about one in TEN young Gentiles can go to college, so nothing can change the picture of the Jewish takeover of the professions which is now going faster and faster, until it must bust out wide open in what the poor, innocent Hebrews always call a "pogrom".

So the first assurance we have that present conditions will not prevail until too late is the nature of the Jews themselves. They simply cannot be satisfied and stop short of too far--any more than a tape worm stops eating even when his victim is dying.

The next assurance we have is the conscious drive of the Jews toward chaos and anarchy, as the necessary conditions for their ascendancy. No nation in the world ever chose the Jews as its masters, or voted in Jew Communism, Zionism and the rest of the Jew plague on humanity. Only amidst ruin and chaos can the Jews fasten themselves on our necks openly to suck the blood of life out of Gentile humanity by Jewish "capitalism" or by force and violence as "commissars" and open Communist masters. So, even though they well realize that the chaos also gives US our chance, they must, willy-nilly, drive on, hoping that they can wipe us out before the days of chaos and terror when the people could and would turn to us instead of to them. But so far, we have survived all they could throw at us, and I see no indications that we are getting weaker --quite the contrary. We'll be there and ready, when they "pull the plug".

Then there is the matter of the economy. Right now, it seems to some that the monstrous lies of the Jews that we can increase our debts eternally without ever paying may be true. But there are only so many pieces in a pie--no matter what theories you use to slice it.

The New York Times

Warning To Police

Over the years, I have come to know the Police Departments of most of our major cities, and I am grateful to be able to report that most of them, while under the pressure of the Jews and politicians and the black hell-raisers, have remained relatively square and honest, -at least with us. They've given us some hard times, and often been unfair, but we know it has almost always been because they were under terrific pressure to be even worse, and did all they could to stand up without getting thrown out and replaced by 100% rats.

But there was one police department which was SO Jew and nigger dominated that we consider it to be an arm of the Israeli Government, -Philadelphia. There were many good cops in Philly, but the boss, Leary, and so many of the top brass were utterly subservient to the wild and wooly Jews of Philadelphia that Capt. Forbes, for instance, was once attacked by a Jew mob, IN a Police station, and the officers stood calmly by while Ralph was beaten bloody in a corner of the public lobby in the station. One Jew almost got his eye with a beer can-opener, and then had the nerve to demand Ralph's arrest for "assault", --all of this IN THE POLICE STATION!!!

New York, on the other hand, while a veritable garbage dump of human offal and filth, had a largely Irish and pretty damned decent Police Department. These boys stood up for years and years to the terrific pressure poured on by the Jews and the politicians and maintained a relatively stright Police Department, even where I was concerned.

Finally, however, they got in perhaps the WORST single Jew-stooge and Shabbez-Goy in America, -John Lindsey, as mayor.

Lindsey knew he couldn't keep any decent cops on the force at all, if he openly turned it over, lock, stock and barrel to Jews and niggers. So he did the usual Jew trick, in such circustances and found the best police stooge of the Jews in the Country to set out up front, -LEARY, -of the same Philly police we have come to know so well.

Leary promptly installed, as his Deputy, a Jew named Garelik! (CONTINUED ON PAGE 10)

Results of "Black Power

Herewith we print an illustration from a "German" newspaper, showing the charms of the "new" Germany, where "brotherhood" is to be seen everywhere in the pretty German girls in the clutches of American black soldiers. Take a look at the two young "Germans" produced by this leering black. It is beyond me how even the most rabid young German "democrats" can tolerate this genocide of some of the flower of the White Race by a bedroom invasion of the ugly and stupid black seed of Africa.

Not only that, but the real move came in the surrender to a "police review board", --and WHAT a "review board".

Here's a photo of the new board to which the lives and property of millions of New Yorkers have been surrendered. The way they've posed the photo, and with the cowardice of such as Buckley and the rest of the "Kosher Conservatives", New Yorkers will never realize how they've been set up by what LOOKS like a largely "White" review board. But checking the Jewish papers, you will find the brotherhood exulting that the new CHAIRMAN of the board, "Black", is a JEW.

They have also posed the mayor and the police commissioner in the picture, to give a real "White" look to this dirty crew.

But a cold analysis of the "board" reveals that it is composed of three persons of the colored faith, a Jew, and two White stooges, -with the eternal JEW as the CHAIRMAN!

New York is already in deadly trouble because of the way it has been seized and looted by the Jews and blacks. Now they have taken away the last refuge of honest citizens and their only protection against the savages in the streets, and turned the police department over to representatives of the "bad guys"!

This is ahead for every Police Department in America, since it is the POLICE who stand between the revolutionists and their goal of power, and the enemy is therefore concentrating all effort on destroying the police in morale, and physically, by murder, whenever they can.

I have begged the many fine Police chiefs I know, who are well aware of all this, to stand up TOGETHER, -and tell America the truth, before it is too late.

But it is a tragic symptom of our degenerate times that even these brave men cannot muster the courage to expose themselves and their families to the sort of smear and persecution us "extremists" must face, nor to get TOGETHER to insure that their combined weight would be too much for the enemy to smear.

However, in view of the fact that even the "extremists" are all busily smearing EACH OTHER, especially the more truthful they are, it is little wonder that our police professionals can't find the wisdom and courage to make a unified stand, which we can't do ourselves.

Black Hell Closer

Last night, (August 1), I participated in an almost unbelievable "Soul Session" with a gang of revolutionary blacks, a sprinkling of bearded Jews, a few really pretty White girls and a herd of some of the stupidest, mush-headed liberals you could ever hope to meet.

We were approached by a dirty, hairy and rabid-looking black, accompanied by a very pretty little German girl and another girl some of us at first thought might be Spanish. They called on the phone and asked if I would participate with Drew Pearson and some other big names they mentioned in a sort of Red Round Table at SNCC HQ in D.C. Then they came out, after being cleared by the Duty Officer, to talk to me. I will confess I was apprehensive about ambushes, traps and just plain murderous horror, -having anything to do with these people. I know many of our kind of folks would have had a fit about me having anything at all to do with these creeps. In fact, many of the men here were 100% against even talking to them.

But I learned years ago that to beat the enemy, you need all the knowledge of that enemy you can possibly get. Much of my present success in putting down my opponents on TV and radio shows, etc, stems from my early days of spending many, many hours arguing with vile Jews, the worst kind of liberals, reds, scum, etc. --all of which my associates deplored as "a waste of time" and "playing the enemy's game", etc. But I learned how these cruds "think" and what "bugs" them. I learned all their stock little "arguments" and I

tried out all sorts of gambits to put them down. It has given me an arsenal of arguments against the fakers, liars and boobs which have been tested and proved in actual "combat".

I take a chance every time I risk any kind of contact with these characters, but my business is not setting a world's record for long life, but beating hell out of the enemy.

So I decided to take the calculated risk of going to this "Soul Session" as a probing movement into the very heart of the enemy.

At first the thing was scheduled for the SNCC HQ, which was bad enough. But then they called at the last minute and told me that SNCC had scheduled another meeting, and the meeting was changed to a new address, -a residence in the very heart of Washington's "Africa". --Darkest and dirtiest and most dangerous "Africa". Even the D. C. Police were horrified of the whole thing. Although they didn't insist that I not go, as they have found out that this doesn't work with me, they made it clear that things might be pretty bad in this "scene".

Nevertheless we went, -eight of us. I sent in three men with a walkie-talkie first, to search the place and report to me a few blocks away. They reported things looked vile, but on the level as far as a meeting went. So I marched in there.

They were sitting on the floor, typical red style. (This makes everybody "equal"). We all took seats.

The head nigger informed everybody, with a heavy sprinkling of "ya'know"'s and "uhh"'s, etc., which I have found is typical of these people who can't get their brains working fast enough to get out entire sentences), that this "Soul Session" was designed to solve our "problems" by "communicating" with "one another" (he used that phrase until I couldn't stand hearing it). However, they would not have anything "fascist" such as a chairman, -a leader, -and everybody would just talk freely, calling on others to respond, etc.

Curled up at the feet of this head jig was a thin, weasely-looking girl who took up where the colored brother left off, and laid out the "problems" and how we were to go about "solving" them by our "democratic" communication, etc. She said she was a "German", -however her pronunciation was strictly Bronx Kosher, --and I later forced out of her that she IS a Jewess, -although she travels all over the USA on a GERMAN passport! (She is one of the swarm of Hebrews who rushed over to protrate Germany after the war to feast on the body of the suffering German people).

Here are the interesting points we learned by taking this considerable risk:

(1) The stupid niggers there, under my needling, openly admitted that "Black Power" means exactly what it sounds like. I got one of them to explain, "The Whites got Cadillacs an' I got nuttin'. An' I know I ain't never gonna get no Cadillac unless I TAKES it. So we gonna take it, -wid guns!"

(2) The niggers DESPISE the White liberals and Jews who have been working so hard to "help" them, and make no bones about it. The meeting was held in the home of a White liberal who has just moved BACK into the black section of Washington (with his wife and kids). Under prodding, the head nigger admitted that he had been in the Watts riot, and that ALL Whites were attacked, beaten and killed if possible, "didn't make NO difference HOW many peace and integration buttons they put on" --as he put it. I asked what would have happened to the host and hostess of the meeting, if Watts happened here, and the black man said, "same thing"! The poor liberal boobs were literally horrified! One Jew got up and got hysterical, telling how he had believed in mixing with all his heart, and has worked himself to death for it, but it just won't work, and he is "dispairing"!!! The niggers laughed.

(3) The whole operation is part of a COMMUNIST front, operating out of Louisville, Ky. I wormed out of the Jewess that "Soul Sessions", the ostensible name of the meeting, was run by the Southern Conference Educational Fund, Inc. --the biggest red front in the South! When I found the initials "S.C.E.F." at the end of one of their papers, (see photostat), she said that was put on by "mistake", -but admitted at last that it WAS the Southern Conference! They are going all over the USA with these boy-girl mixed teams holding these "Soul Sessions", -for the benefit of the Communist conspiracy! Some "soul"!

As I was dictating this, the head coon, Ray Robinson, Jr., just called me full of excitement over the "Soul Session", said the rest stayed and talked for five hours after we left at 11:30 and, although the liberals and Jews were petrified with horror, the blacks want to hear more! I told him I will meet with them again, ONLY to discuss repatriation to Africa, and they still are game. I told him the choice is extermination or separation, -and they want to talk about it!

I truly believe there is yet a good chance we can swipe the coons from the Jews.

And just four days ago as I dictate this, (on Friday, July 29th), we smashed another big

Jew barrier. I squared off with Stokely Carmichal, head of SNCC, on CBS Television in Chicago for more than an hour and a half! Don't ask me how it was accomplished. But I can tell you that for an hour and a half, I pounded and beat on not only Stokely ("Black Power!") Carmicheal, but the moderator and the liberal news editor on the panel with us. None of us could BELIEVE the Jews could ever permit so much smashing truth to get OUT to the vast CBS audience!

BELIEVE IT OR NOT, I WAS ABLE TO ACTUALLY SHOW THE DOCUMENTS WHICH PROVE THAT RACE MIXING IS A JEWISH PROJECT AND JEWISH FINANCED!!

We have a complete tape of this astounding and dramatic battle between "Black Power" Carmichal and George Lincoln Rockwell on CBS TV in Chicago. I have never "pushed" any of our items in the ROCKWELL REPORT, but I do urge readers to send $5.00 to Dallas ANP, Box 22071, Zip Code, 75222, for the most exciting and encouraging hour and a half you have ever heard!

Bloomers Buckley Again

Bloomers Buckley has whacked me in two recent columns as a "cretin", etc., and blasted me for blasting him. I think most of the reaction was caused by my inclusion of him in my suggested presidential cabinet in 1972 which was printed in the interview with me in Playboy. This really got to Bloomers, I hear.

Part of his reaction was to print the results of a supposed survey of college students on the identities of famous people. Most of the survey was probably on the level, since a lot of the twerps in college today do not know Brigitte Bardot from Smokey the Bear. But there was one item in there I am sure was designed to give me a jab--which it did.

Bloomers reports that most college students in America believe "George Lincoln Rockwell, the notorious Nazi, is a Negro civil rights leader"!!!

In view of this Buckley survey which found most American college kids believing me to be a nigger agitator, I have taken my own survey.

I have carefully canvassed all the citizens of fifteen cities, and asked them to identify William F. Buckley, Jr.

The results were as follows:

28% reported Buckley is a notorious friend of Walter Jenkins and runs the men's room at the YMCA.

12% reported that Buckley is a go-go girl at a Boston joint who can twirl tassels faster than any of the other go-go girls.

20% reported that Buckley is the little green man found in a swamp in Michigan after the landing of some UFO's.

SERIOUSLY NOW HAVE YOU READ

MEIN KAMPF?

IT'S A MUST

for anyone interested in National Socialism. Don't take the word of others (mostly Jews) about what it says, --read it yourself!

If you "read it years ago", you'll be amazed when you re-read it, knowing what you know now.

We have obtained a good supply of the Haughton Mifflin edition in cloth cover. Outside of the "introduction", it is a good translation.

30% reported that Buckley is the editor of Women's Wear Daily.

10% reported that Buckley edits the Daily Worker for the Communist Party.

A left-over 2% reported that Buckley is actually Mrs. Marvin Liebman, in disguise.

Appalling what pwople come up with in these surveys. And you can't sue a guy for libel for printing what OTHER people say in these surveys. If Buckley can have a survey where I come out a nigger agitator, then I can have just as many "surveys" about Billy Boy and his Bloomer Girls, and he can't do much about it.

So there--you, --you, --beast, you, Billy! Call ME a nigger, will you!

What's Ahead?

James Hoffa is now talking about returning to the fold of the AFL-CIO from which the Teamsters, which he heads, once walked out. With the AFL and CIO already combined in a monstrous concentration of labor power, the only remaining big labor power was Hoffa's Teamsters. So the government went after Hoffa and nailed him on a bagful of criminal charges. To stay out of jail, Hoffa is squirming and wriggling, -and I think the latest move toward the CIO-AFL is one of his shrewdest "squirms".

There is one element of all commie take-overs which was almost impossible as long as Hoffa was a maverick with his huge teamsters union. That element is the GENERAL STRIKE. The Commies, in the last days of the turmoil preceeding their seizure of power, stop EVERYTHING in the nation attacked, -from milk for babies, to electricty, to food, to sewage movement, etc etc until life becomes utterly impossible in an urban society. With this development, the reds take to the streets shouting for power so they can restore the order they themselves have destroyed, and murdering anybody who points out this deadly game.

If Hoffa DOES return to the CIO-AFL, the reds will have the last weapon in their hands for their big play.

With black mobs rioting and terrorizing the populace, red mobs doing the same where the black population is inadequate, -and then with all services, food, utilities and work stopped, --
--and with top red saboteurs hitting reservoirs and other key spots to paralyze America, seizure of power for the traitors is relatively easy!

Thus, Hoffa's move back into CIO-AFL should indicate to our people the final moments of our Republic and the White Race. If it happens, get ready!

Brave Men

Here's a picture, printed in the London Telegraph, showing Mussolini's son and Otto Skorzeny at a special mass for Mussolini.

Ask Robert Welch, or Bloomers Buckley, General Walker or almost any other of the Kosher Conservatives and they will be forced to

LOYAL REMEMBRANCE

BENITO MUSSOLINI'S son Romano (left) and German Otto Skorzeny together at a Mass commemorating the 21st anniversary of the Italian dictator's death. A group of Spaniards attended the early morning Mass in Madrid. In 1943, SS leader Skorzeny rescued Mussolini from captivity in a daring parachute raid and flew him to Germany.

tell you these two brave men are a couple of reds, because these coward conservatives are so scared of being called "facists" and "Nazis" that they are all hollering that such men as Skorzeny are actually communists!

I wonder which of these conservative fakers would have the nerve to stand up to Otto Skorzeny, the fightingest man in WW II, and tell him to his face that he is a "commie" or an "agent provocateur"?

The Terrible Power of Money

In early America, in fact in all earlier centuries everywhere, man had so little real power over Nature that the possession of mere FORCE, strength, health and will, could insure for the possessor some measure of success in this world.

If nothing else, he could go forth into the millions of square miles of empty forests and seas all over the world and hunt, fish or fight for his supper. He could almost always find some corner of the earth unoccupied and uncontended-for at least by other White men.

But since the arrival of the super-industrialized age in the 1900's, the mechanization and industrialization of everything--from lumbering and farming, to fishing, gold-mining, and even hunting, plus the gathering of all mercantile efforts into monstrous combines, has made it almost impossible for the average "little guy" to go it alone. Not only is everything now industrialized and organized, but almost all individual effort to contend with Nature to capture food anyplace has been made almost impossible with laws and licensing.

In this situation, the mighty machinery of civilization has become a prerequisite to doing almost anything. Where Ben Franklin could become a national journalistic figure with a little hand-jerked press, it now requires literally hundreds of millions of dollars worth of machinery and investment to make the tiniest dent in public opinion. Where our grandfathers could struggle in a covered wagon to new land and become independent, now even after we have bought and paid for good land such as they found free, we are told what we can and cannot raise on it. Where once a man could open a little shoe shop or carpenter shop and become an independent merchant, making his own stock in trade, only the methods of mass production, huge investment and chain operation can now give a man any hope of success, and then it is only as a tiny cog in an industrialized wheel costing many, many millions of dollars.

I could go on and on, but everywhere it is the same.

The Brich Society's fight for "more individualism" is as anachronistic as would be a society to resurrect the dinosaurs or to preserve the whaling industry. The very founder of the Birch Society, Welch, owns and gets his millions from a giant, industrialized factory which now produces the candy once produced in thousands of tiny handicraft shops by individual tradesmen. There is no "individualism" in Welch's candy and fudge, and Mr. Welch knows that any effort to establish such individualism would destroy his industry and therefore his fortune.

In short, the big factor in any human endeavor today has become, not human effort, human guts, integrity, individualism or inventiveness--but MONEY--BIG MONEY--the money with which to buy machinery and organization. Even war has succumbed to this numbing effect of MONEY. We have been winning our wars, as I know from personal experience, not because we are braver or more valorous than our enemies, although our men are brave fighters, but mostly because of our monstrous monopoly of material, because of our money, and therefore our superior amount of machines of death.

This insidious development of the last fifty years has passed not only unnoticed, but it has been subtly hailed and enshrined as a great miracle, not only by the Jews who are responsible for much of it--but by our people, who have been dispossessed of their ancient individual rights by the switch from human effort and genius to the brutal, impersonal and poisonous power of money.

The old American way used to be called "free enterprise", and meant that the individual American "enterpriser" worked, sweated, suffered, risked and invented to produce. It was a great way, and built our country.

Then along came the Jews with their unbeatable genius at manipulating money--mere tokens for the work, genius and risk of other people.

They gradually changed our philosophy from adherance to "free enterprise" to what Karl Marx called "Capitalism". That's where the term "capitalism" came from--believe it or not--from the Jews and especially from Karl Marx. He was the first to use and popularize that word "capitalism" --and he damned it, not because he was really against his brother Jews taking away our birthright by money manipulation, but because he had developed a better system for getting all the money and power away from the Gentiles and into the hands of his fellow Jews. Marx replaced the evil of Jewish money manipulation, "Capitalism", with the total

evil of Communism, the seizure of the wealth and power of the Gentiles by naked force. Marx organized the weak, the lazy, the unfit, the stupid and above all the envious into a mutinous army, led by the Jews, to seize the wealth of the Gentiles in red "revolutions" which always and forever deliver up the Gentiles into the hands of Jewish commissars and Communist bosses, even though they now use Gentile fronts (usually with Jewish wives) to cover up the glaring horror of this Jewish operation.

But the horror of Jewish Communism has blinded most of its opponents to the almost equal horror of Jewish Capitalism.

Our Western Civilization, and particularly America, today, are utterly dominated and crushed under the devilish weight of the power of GOLD.

Without money, you cannot speak, you cannot work, you cannot even fight as an individual. About the only way you may survive in this Jewish, capitalist "democracy" is to bow your neck meekly to the yoke of some wealthy, multi-million-dollar organization, whether it be manufacturing, merchandising, politics, service or whatever.

This fearful "power of the purse"--capitalism--has become the one thing our brave people will not fight. In two wars and almost half a century of living, I have fought shoulder to shoulder with many a hell-for-leather fighting American, from sailors and privates to generals and admirals, and seen them face death with the old fashioned courage of our ancestors. But I have seen these same generals and admirals, and all Americans in general, quail in the most disgusting cowardice at the mere thought of losing their money. The Jews have worked a miracle of getting our people, especially our "conservatives" so "hung up" on their luxury and the power of their money, that, with few exceptions, the wealthier they are, the yellower they are.

I have visited in the home of retired high military officials who I know have fought the bloodiest odds all over the globe, and seen them quail in miserable, sickening terror when somebody suggests that they do something patriotic, tell some patriotic truth about the Jewish capture of America --which they know will jeopardize their money. They rationalize a million ways--that it is more "effective" not to mention the truth and the enemy, rather than make a stand and fight, as they would against a physical enemy.

Unless we can get at least some "responsible" Americans to realize the insanity of this deadly, Jew-inspired fear of loss of their money, and use their money to FIGHT--nobody will have any money except the Jews.

I am happy to say that we are already beginning to win some especially perceptive Americans of this calibre, our "Max Amann" in Dallas, for instance, a man in Kentucky, another in Seattle, one in Amarillo, another in L.A., still another in South Carolina, and others who will know what I mean.

From all this, I have learned that there is a new kind of heroism in America, un-heralded, often smeared, silent heroism which we are inspiring among old-fashioned Americans--the heroism of DEFYING the damnable Jewish power of the purse!

When enough Americans learn this new kind of heroism, a heroism which I have learned takes more guts than facing bayonets or bullets, there will be a sudden end of the Jewish "power of the purse". That Jewish power exists only so long as WE give it recognition and pay in homage by showing FEAR of it.

When we are as ready to be heroic with our money as most Americans will be heroic with their lives, then the Jews will be powerless, and we can rebuild our society with a decent respect and love of the "little guy" who wants to earn his bread by his own sweat, risk, inventiveness and courage, not by allowing Jewish golden chains of giant money and giant organization to be rivetted on his bowed neck.

We can and will replace Jewish "Capitalism" with old-fashioned American "Free Enterprise".

Quiet Takeover in Military

I have written about this before, but I must again warn our people what is happening to our Armed Forces.

The same Abe Fortas who is now on our Supreme Court prepared a vile plan, called the "Gessel" Report, setting up political comissars in the Armed Forces to jam in more and more Negroes as top non-coms and officers. This evil scheme has been bearing its bitter fruit faster and faster. Men returning from Viet Nam report to me that about one in three non-coms NOW is BLACK! And the proportion of black officers, especially in the lower ranks, is sky-rocketing.

Whenever blacks move into anything, it is axiomatic that all the Whites who can MOVE OUT.

That's precisely what's happening to YOUR Armed Forces! The New York Times, a while ago (October 21), carried an article about the skyrocketing rate at which officers were resigning from the Services. The rate has just DOUBLED again! They don't mention race, of course, (heavens!), but the fact is that the resignations are WHITE, and their

places are taken by more and more and more black officers over our troops.

When the Armed Forces become a little over half black, the Whites will really come pouring out, and soon leave it ALL Black, -just as has happened in every city where the blacks begin to spread.

I again remind our people to consider the deadly result. Right now, when the blacks riot and terrorize our cities, it is the ARMED FORCES alone which can restore order, with their heavy weapons, tanks, etc.

Just what will we do when those heavy weapons, our last refuge from black terror in the cities, are ALSO in the hands of the same blacks? Negroes with a few gasoline bombs, rifles and pistols have been CONQUERING Police Departments. Just imagine what they can do with tanks and flame-throwers turned around by blacks in the Armed Forces on the citizens they are sent in to protect!

It is tempting to end this with "God help us!" as does Gerald Smith so often.

But if God helps us, He will not do it all by Himself while we weep and pray. If He helps us, it will be in the old-fashioned way, by granting us supreme courage and strength, along with the wisdom to put a stop to this black madness before it is forever too late.

Jews Turn To Get It

For years, we have suffered the dirty political trick of the "disappearing cops". When the Jews want to pound us or jug us for "starting a riot", etc, -they see to it that there is not a cop to be seen for blocks while the Jews and coons get in their dirty work, only to have cops come swarming in and arresting US, while the "innocent" Hebrews moan how they were "attacked", etc.

Recently a herd of Hebes and other cruds in Boston announced a draft-card-burning. For some strange reason, the patriotic Boston cops didn't hear about this ceremony, and a mob of very angry Boston Irish patriots grabbed the red jerks and beat the hell out of them.

How does it feel, Hebes?

Where Were Police in Draft Riot?

EXCUSES, EXCUSES, EXCUSES

What with one thing and another (in particular the Chicago incidents) this August issue of the Rockwell Report was going to be late, BUT NOT THIS LATE. For a delay of almost a month, we have the ROADWAY EXPRESS trucking firm to thank -- they took that long to deliver the magazine from the printing plant in Virginia to the Dallas Order Department where it is mailed. They claim it was "lost". For prompt, courteous, efficient truck service, we heartily DO NOT recommend ROADWAY EXPRESS!

WATCH FOR THE SEPTEMBER ISSUE WITH ALL THE NEWS OF CHICAGO . . . . SOON. Maybe even in September!
